Titusville City Council 02/14/222

-January 17<sup>th</sup>, 2023 was proclaimed as the Day of Racial Healing. Mr. Bill Gary, from the Harry T. and Harriett V. Moore Cultural Complex Board of Directors, accepted the proclamation from Mayor Diesel. (To hear all the words of the proclamation listen to the beginning of the meeting on youtube.)

-Councilmember Stoeckle was given flowers and a card from the City for being chosen as one of the 4 under 40 leadership award in Brevard for 2023.

-Planning and Zoning Commission appointments. There were 4 people asking to be appointed to Planning and Zoning. There was 1 full time position available and 2 alternate (substitute) positions available. 3 out of the 4 were there and presented their case. At the end, they appointed the one person who was not in attendance we did not get to hear from. Congratulations to Mr. Gerard for being appointed to the Planning and Zoning Board. Mr. Christopher Childs who was the alternate and applied to move up to full time, was re-appointed to continue as an alternate and Mr. John was newly appointed as an alternate also. (I apologize for not hearing the last name)

-Titusville Environmental Commission. Julie Weaver was appointed as an alternate member.

-The planning and zoning board presented an alteration to the building code to allow accessory dwelling units at a smaller size to help with affordable housing in the area. Council decided to do nothing at the moment. They sent the item back to Planning and Zoning requesting more information, specifically if neighborhoods that its being tried in are accepting of the building codes. Requesting to bring it back in six months to see if it works in others cities this is being tried. This should could back up for discussion again in six months.

Tonight's meeting has a lot of hearings from development projects in Titusville. However, it is Valentine's Day, and I am going home early to spend the evening with my wonderful other half. I wish all of you wonderful people a very Happy Valentine's Day.

Thank You,

Nathan Slusher
